1. This supplemental action is submitted in order to correct errors made in the previous Office action. The shortened statutory period for reply is two months. Claims 1-18 are allowed. None of the claims is subject to restriction. The remainder of this action, with the exception changes made to paragraph 5, is a restatement of the previous Office action. The Office regrets and apologizes for any inconvenience occasioned by applicant due to errors in the previous action.

Drawings

2. The drawings are objected to because:
- a. The views are numbered out of order with the way they appear on the drawing sheets. For example, Fig. 5B appears on sheet 10/12 instead of sheet 3/12 which is where Fig. 5A appears.
 - b. None of the reference numerals used at Fig. 11 is correct.
 - c. Reference characters R1' & R3'-R5' appear in Fig. 7D, but do not appear in the description.
 - d. They fail to show the "sixth radius (R5)" recited in claims 7-12.
3. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure

Art Unit: 3679

must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Specification

4. The disclosure is objected to because paragraph 0051 states that center lines M23 can be seen in Fig. 7D, but reference character M23 fails to appear in Fig. 7D.

Allowable Subject Matter

5. Claims 1-18 are allowed.

Conclusion

6. This application is in condition for allowance except for the formal matters noted above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
